EDUCATION

George Mason University — B.S. Business Analytics (GPA: 3.83) Expected Spring 2027

- Relevant Coursework: Statistical Analysis for Business, Financial Management, Database Management Systems, Database Management for Business Analytics, Python Programming languages for Analytics.

Northern Virginia Community College — A.S. Business Administration

Aug 2022 – Dec 2024

- Presidential Scholar Honoree (Fall 2023, Spring 2024, Fall 2024)

PROFESSIONAL SUMMARY

Data Analyst (MS in Business Analytics) with hands-on experience in SQL, Python, Excel, and Power BI. Completed a data analytics internship focused on validating company identifiers across global exchanges. I am skilled in data cleaning, exploration analysis, and dashboard reporting to support data-driven decisions.

TECHNICAL SKILLS

Languages/DB: SQL, Python

Data & Tools: Excel (PivotTables, VLOOKUP), Power BI, Tableau, Microsoft Office, Git/GitHub

Methods: Data Cleaning, EDA, Joins, CTEs, Aggregations, KPI Reporting, Data Visualization

AI: AI-assisted analytics (data cleaning, faster insights, automation)

Certifications:

- Google Data Analytics Certificate | Coursera
- Microsoft SQL Server 2022 Essential Training | LinkedIn Learning | Sep 2025

DATA PROJECTS

Financial Market Datasets 2024 | SQL, Python, EDA, Visualization | [GitHub Repo](#)

- Collected, cleaned, and standardized market datasets; handled missing values and validated data consistency.
- Performed exploratory analysis to identify price trends, top gainers/losers, and volatility patterns.
- Built reusable SQL queries for filtering, aggregation, and summary tables documented findings in a write-up.

PROFESSIONAL EXPERIENCE

Swissport USA, Inc — Ramp Supervisor (Sterling, VA)

Mar 2024 – Present

- Supervise ramp operations ensuring compliance with FAA/TSA/CBP requirements and on-time performance.
- Analyze staffing and resource allocation to improve turnaround efficiency and operational reliability.
- Coordinate with cross-functional teams and authorities to support VIP handling and resolve time-critical issues.
- Supported **Korean Air international operations at Washington Dulles (IAD)**, coordinating ramp/turnaround activities for wide-body flights averaging **~250 passengers** with connections across multiple countries.
- Managed the end-to-end **4-hour turnaround process** (arrival → unloading/loading → fueling readiness → boarding coordination → departure), tracking key milestones and communicating updates to help maintain on-time performance.

Alphamatician — Data Analytics Intern (Remote)

Jun 2025– Aug 2025

- Researched and updated company data across global exchanges (Nasdaq, NYSE, Europe, Asia).
- Verified identifiers (**CIK, ISIN, ticker, exchange**) and corrected missing or inconsistent records.
- Mapped and maintained corporate profiles across platforms and tracked corporate actions (IPO, mergers, delistings).
- Reviewed and updated data for **~50–100 public companies** through an internal **admin portal**, validating key identifiers (CIK, ISIN, ticker, exchange) and correcting missing or inconsistent fields.
